

QUTUB KHAN KI MASJID, SOHNA, GURUGRAM

Qutub Khan ki Masjid 1550 AD

Monument

Qutub Khan's Masjid is located near saanp ki nangli at Block Chungi 1. It is a rectangular shaped structure with three arched openings leading to the interior, with central opening being higher and broader than the rest. The wall facing the archways houses the mehrab in red sandstone. A low arcaded verandah is located at both ends of the structure, enveloping the sides. A dome at the center of the structure rests on a high octagonal base/drum.

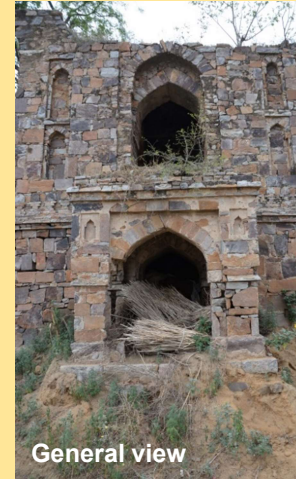

Exterior of the Masjid are adorned with arched niches in rectangular panels flanking the arched openings.
